# mirror moments

how does a rock concert feel like?  
for you? for the band?

capturing all these captivating moments of the  
british rock-group showcases the unique  
experience at a concert.

the differences and similarities of both party's.

the band  
&  
the crowd

take a look behind the scenes  
on the stage  
at the faces.

but most importantly - their souls.
